2. Basis of the insurance

2.1 The information and statements provided by the policyholder and/or the insured to the insurer, form the basis of the policy. This includes, but is not limited to, information given on the application form, medical questionnaire(s) and (issued) health certificate(s) and during medical examination(s). The policyholder must inform the insurer, prior to taking out the insurance, of all facts of which he is or should have been aware and of which he knows or should have understood that the insurer's decision as to whether or not he is prepared to take out the insurance depends on, and if so, under what conditions, whether or not he can depend on it (statutory duty of disclosure).

2.2 The insurer reserves the right to ask for proof of the information provided before accepting the policy. However, if the policy has been accepted without such proof having been requested, or if it has been requested but has not been provided, the insurer reserves the right to request such evidence at any time in the future. If the policyholder and/or the insured is not able to provide proof of the information on which the insurer has relied, the insurer reserves the right to take the steps deemed appropriate by the insurer, taking into account the

relevance of the information in question. Such steps can include cancellation of the insurance (with or without reimbursement of premiums) or reduction of cover.

2.3 If it appears that the statutory duty of disclosure has not been complied with, the insurer can cancel the insurance or change the insurance to an insurance policy, with or without retroactive effect, under conditions that are acceptable to the insurer with knowledge of the true state of affairs.

2.4 If it appears that the statutory duty of disclosure has not been complied with, no payment shall be due if the insurer would not have accepted the insurance if it had been aware of the actual facts. If a withheld event would have resulted in a higher contribution or a lower insured capital, the payment will be reduced proportionately. If a concealed event would have resulted in different conditions, only the payment that would have been included in the insurance contract based on the other conditions will be due.

2.5 During the term of the insurance, the policyholder can request an increase in the insured capital, an extension of the term of the insurance or a change in the capital flow of the insured capital. The insurer can ask for a written justification for the requested change in cover and is not obliged to accept it. After a medical examination of the insured, the insurer will confirm whether the change will be accepted or not, and under what conditions. With the consent of the policyholder, the insurer will issue a policy with the specific change of the cover, the date of entry into force and applicable conditions and premium. Additionally, the insured person must be younger than 70 years of age at that time.

2.6 If the age of the insured has been incorrectly stated, the insured capital will be reduced to the amount that would have been insured for the premiums paid if the age had been correctly stated.

2.7 If the policy is lost, the insurer will issue a duplicate policy at the written request of the policyholder, after which no rights can be derived from the original policy.

2.8 The surrender value of this insurance is nil at all times, with the exception of the provisions of Article 13.9.

3. Scope of the cover

3.1 The cover in the event of death applies anywhere in the world, with due observance of the provisions elsewhere in the policy and the general insurance terms and conditions.

4. Inception, duration and end of the insurance

4.1 The insured risks are covered from the inception date of the insurance, which is mentioned on the policy schedule, however never earlier than the date on which the first premium was paid.

4.2 The policyholder is entitled to terminate the insurance agreement in writing within one month after the date of issue of the first policy schedule. As of the moment that the cancellation reaches the insurer, the insurance contract is deemed to be terminated. Any premiums already paid shall be refunded.

4.3 The insurance contract shall end without prejudice to the provisions elsewhere in these terms and conditions regarding cancellation and termination of the insurance if one of the following situations occurs:

a. on the end date of the insurance, as specified on the policy schedule;

b. on the date of the death of one of the insured parties mentioned on the policy schedule; the insurance will only end for the other insured party if a payment is made. The insurance also ends if both insured parties die at the same time;

- c. on the first day of the month in which the insured person reaches the age of 85;
- d. if the insured or the policyholder has deliberately provided or had provided incorrect information as referred to in Sections 7:928 to 7:930 of the Netherlands Civil Code;
- e. in the event of non-payment of the first premium within 3 months of the commencement date of the insurance stated on the policy schedule;
- f. in the case of a policy based on monthly or annual premium payments, the policyholder can cancel the insurance on the first day of the month, and the notice period is one month. The written request to cancel the insurance can be send to the administrator;
- g. in the case of a policy based on a one-off purchase price payment the policyholder can cancel the insurance after the expiry of every 5 years, counting from the effective date, and the notice period is one month. The written request to cancel the insurance can be send to the administrator.

4.4 The insurer can immediately terminate the policy if:

- a. national or international sanctions legislation prohibits the insurer from implementing the insurance;
- b. it appears that the policyholder, the insured or any other interested party is on a (inter)national sanctions list;
- c. the policyholder or the insured party does not cooperate in determining the ultimate interested party of a (legal) person who is interested in the insurance.

4.5 In case of a pledged policy, the insurer will inform the pledgee of the termination of the policy.

5. Non-smokers rate

5.1 The policyholder is entitled to the non-smoking rate if:

a. the insured person declares before the start of the insurance agreement not to have smoked for at least two consecutive years immediately prior to the insurance agreement;

b. the insured person has entirely stopped smoking for at least two consecutive years after the commencement date of the insurance agreement. The policyholder must inform the administrator of this in writing. The non-smoker's rate will commence on the next due date after receipt of this statement. The insurer reserves the right to request the insured person(s) to undergo a nicotine test during the period in which this insurance is taken out or during the term of this insurance. The insured person(s) is (are) obliged to cooperate in this nicotine test, on pain of forfeiture of the nonsmoking rate;

c. the policyholder is obliged to notify the administrator immediately in writing of the fact that the insured has (re)started smoking. The insurer will adjust the premium as of the next premium due date on which the insured has (re) started smoking;

d. if, after the death of the insured party, it appears that the policyholder was not (or no longer) entitled to the non-smoking rate and failed to inform the insurer of this in writing, the insurance payment will be reduced to 60%.

5.2 Smoking means the use of, but not exclusively, cigars, cigarettes, e-cigarettes, pipe, nicotine substitutes products or therapies, cannabis, other smokable drugs and any other smokable substance with or without nicotine.

6. General exclusions

6.1 For this insurance, the right to payment does not exist, or the insurance contract will be terminated, if:

a. it appears that the insured person has made (one) incorrect statement(s) regarding his health when taking out the insurance or if it appears that the insured is otherwise acting or has acted in conflict with obligations under Title 7.17 of the Dutch Civil Code;

b. an insured person has died as a result of a crime committed by a beneficiary and/or as a result of a deliberate act, deliberate negligence or gross negligence on the part of a beneficiary; this only applies to the extent that the payment would directly/indirectly benefit the beneficiary;

c. the death is the result of:

- participation in combat operations as a soldier in war zones during war missions and humanitarian missions. For Dutch soldiers or civil servants employed by the Ministry of Defence, an agreement has been concluded between the Dutch Association of Insurers and the Ministry of Defence. If there is a mission specially designated by the Ministry of Defence and the requirements set out in the agreement are also met, the insured capital will be paid out or a maximum of EUR 400,000 if the insurer can receive part of this amount back from the Ministry. The complete text of the agreement is available at www.verzekeraars.nl;

- suicide or attempted suicide. However, this only applies if the (attempted) suicide has taken place within two years after the commencement date or if the insurance has been put back into operation. The will and/or mental state of the insured person will not be taken into account in the assessment of the act or the death as a result thereof. The above does not apply if the death of the insured person is the result of euthanasia

in accordance with the standards set by law and/or jurisprudence. An increase in the insured capital is considered an independent insurance for the purposes of this provision. This means that in the event of (attempted) suicide within two years after the increase in the insured capital, the insured amount applicable before the increase will be paid out;

- an aircraft accident, unless the insured is involved in this accident as:
 - the passenger on an aircraft;
 - a member of the regular flying personnel (unless as a test pilot);
 - working for a civil air transport company;
 - a member of the armed forces' reserve staff for refresher training;
 - a civilian pilot of an aircraft, provided that he is legally entitled to do so.

d. it appears that the policyholder, the insured or any other interested party is included on an (inter) national sanctions list;

e. as (inter)national sanctions legislation prohibits the insurer from implementing the insurance;

f. if the policyholder or the insured party does not cooperate in determining the ultimate interested party of a (legal) person who is interested in the insurance.

7. Option right

7.1 Every time after 12 months, counted from the starting date, the policyholder has the right to increase the insured capital each year of insurance. As an exception to Article 2.5, The increases will be accepted by the insurer without further examination of the health of the insured person, provided that the following conditions are met:

- the insurance is accepted upon commencement without any increase in premium;
- the increase does not exceed 15% of the last insured capital;
- after application of the option right, the insured capital must not exceed twice the capital insured upon commencement;
- the written request for increase shall be made at least one month before the modification date.

7.2 The right of option referred to in the previous paragraph expires:

- when the insured person reaches the age of 60;
- if the option right has not been exercised for three consecutive years;
- if the insured is wholly or partially incapacitated for work;
- if the insured has undergone treatment and/or examination by a medical specialist in the year immediately preceding the request for an increase;
 1. heart and/or vascular diseases,
 2. malignant diseases,
 3. diseases of the brain or nervous system,
 4. diabetes.

8. Optional child coverage

8.1 If the policy schedule states that child coverage is included, the conditions as determined in this article apply.

8.2 In the event of a pregnancy of at least 24 weeks by the insured, a payment of €1,500 will be made to the beneficiary(ies) if the insured's child is stillborn or dies within thirty days after birth. If the pregnancy involves twins or multiples, only a single payment of €1,500 will be made.

8.3 In the event of the death of the policyholder's children residing in the Netherlands, the beneficiary is entitled to a payout of the insured amount up to a maximum of €7,500 per child. This payout is only applicable if the child was older than 30 days and younger than 18 years at the time of death.

8.4 If the same children are covered by multiple insurances with the insurer through the optional child coverage, only one insured amount will be paid out, which is the highest insured amount from the individual insurances with a maximum of € 7.500 per child, and in the case of article 8.2 a maximum of € 1.500 regardless of whether the pregnancy involves a single child or multiples.

8.5 This coverage ends:

- a. upon cancellation of the child coverage;
- b. upon termination of the insurance;
- c. on the expiration date of this insurance.

8.6 There is no right to a payout upon the death of children who were at least one year old at the time of the amendment date when the child coverage was added or had already been included in the family for at least a year.

9. Optional extra payment in the event of accidental death

9.1 If the policy schedule states that an extra payment in the event of death as a result of an accident is coinsured, and the cause of the death of the insured party or parties is the exclusive result of an accident that took place no later than 90 days before the death, the insurer will make a one-off supplementary payment in the amount of € 50.000, but never more than the insured capital calculated in accordance with Article 22.2 and 22.3.

9.2 The right to a benefit shall not apply to this cover if:

a. the accident is caused by excessive alcohol consumption or by the use of medicines, intoxicants, narcotics or stimulants other than in accordance with medical prescription;

b. the accident was caused intentionally by the policyholder, the insured person or someone with an interest in the payment;

c. the accident was caused by or in connection with the commission of, or complicity with, a crime or an attempt to commit a crime;

d. the accident is due to conscious recklessness of the insured (such as a brawl), except in the case of:

- a reasonably necessary fulfilment of his profession;

- legitimate self-defence;

- an attempt to save himself, others or property.

e. the accident occurred while:

- driving a motorbike;

- participating in ski races;

- diving;

- mountain climbing;

- off-piste skiing;

- participating in speed contests, rides or tests with:

- motor vehicles;

- motor boats;

- motorbikes;

- ski jumping;

- bobsleigh or skeleton rides;

- ice hockey or roller hockey;

- bungee jumping;

- parachuting;

- paragliding;

- activities similar to, or derived from, those listed above.

f. one of the exclusions referred to in Article 6 occurs.

10. Advantage and acceptance

10.1 The insured amounts owed by the insurer on account of the insurance will be paid out to the beneficiary or beneficiaries specified in the policy.

10.2 If more than one beneficiary has been designated, higher numbered beneficiaries will only be eligible if it is determined that all lower numbered beneficiaries are absent, have died or refuse to accept the benefit.

10.3 If a beneficiary dies before a payment for which he has been designated becomes due and payable, his right does not pass to his heir or successor in title.

10.4 Equally numbered beneficiaries are eligible jointly.

eenvoudig transparant

Policy conditions

TAF Personal Life Insurance

10.5 If two or more beneficiaries are jointly eligible, the insurer shall only be obliged to pay a single amount against joint discharge.

10.6 A beneficiary is unworthy of receiving the benefit if the beneficiary has deliberately or recklessly caused or participated in the risk of death. In such case the benefit of the insurance expires.

10.7 The following definitions shall apply to the beneficial entitlement referred to in the policy:

- a. Spouse: The spouse at the time of death;
- b. Registered partnership: The registered partner at the time of death;
- c. Children: The legal, legitimate and adopted children, as well as the legal, legitimate and adopted descendants of predeceased children at the time of substitution; the distribution among them shall be in proportion to each other;
- d. Heirs: Those who by inheritance or by law are entitled to participate in the estate, including their heirs and successors under universal succession; the apportionment between them shall be on the basis of the proportion in which they are entitled to participate in the estate.

10.8 A beneficiary can accept a beneficial entitlement by means of a written notification to the insurer signed by it and by the policyholder. The insurer shall record the acceptance on the policy.

11. Risk of war and terrorism

11.1 From the moment that a state of war occurs in the future in one or more parts of the jurisdiction of the European Union, regardless of whether or not the insured is in military service at that time, the insured capital will be reduced by 10% of the capital insured at that time, for as long as the state of war persists.

11.2 Article 11.1 will not be applied if within six months of the termination of the state of war (within the European Union) but at the latest when any capital insured by this insurance becomes due and payable, it is demonstrated to the satisfaction of the insurer that throughout the duration of the state of war the insured person resided in the territory of a country or of one or more states outside the European Union, which was not at war during that time and where no act of war took place during that time.

11.3 No later than nine months after the end of the financial year in which the state of war was ended, the insurer shall pay out all or part of the discounts already withheld and shall cancel all or part of the discounts imposed for the future.

11.4 The presence, as well as the times of commencement and termination of the state of war referred to in this article, shall be determined by the Dutch Central Bank in a binding manner.

11.5 The risk of terrorism is reinsured at the Nederlandse Herverzekeringsmaatschappij voor Terrorismeschade N.V. (NHT). The clause sheet for terrorism coverage of the NHT is applicable to this insurance. If your death was to be the result of terrorism then the insurer will pay the amount it receives from the NHT as a result of death of the insured person. It is possible that this amount is lower than the insured capital. Terrorism risk means:

- terrorism, malevolent contamination or preventative measures;
- actions or behaviours in preparation of terrorism, malevolent contamination or preventative measures.

The full Clause sheet for terrorism coverage at the NHT can be found on www.terrorisneverzekerd.nl.

12. Premium payment

12.1 The first premium for this insurance is due from the commencement date of the policy. Each and every subsequent premium is payable on the premium due date. For insurance with periodic premium payment per month or year, the premium is automatically debited at the beginning of the month from the specified IBAN bank account.

12.2 If, for whatever reason, the follow-up premium is not paid on time, there is, after a reminder, still one month to pay it. If the subsequent premium including costs is not paid to the administrator in full within the said period, the cover is suspended automatically from the premium due date until the premium arrears are paid to the administrator in full. An event during the period that the cover is suspended and that results in entitlement to a benefit on the basis of this insurance is not covered.

Moreover, the insurer shall be entitled to terminate the insurance. Already paid premiums shall not be repaid. In case of a pledged policy, the insurer will inform the pledgee of the lapse of the policy.

12.3 Any and all judicial and extrajudicial costs that are incurred by the insurer for the collection of overdue premium instalments and possible statutory interest due shall be borne by the policyholder.

12.4 The duration of the premium payment is equal to the duration of the insurance.

12.5 If the administrator or the insurer has received a lower one-off purchase price payment than stated on the policy, the insured capital shall be adjusted pro rata to the actual purchase price received.

12.6 If the policy schedule states that the premium exemption for incapacity for work is co-insured, the additional policy conditions for the premium exemption for incapacity for work QL-PVA 12-2013 will apply.

13. Pledges, pawning, surrender, premium release and premium refund

13.1 The policyholder can pledge or transfer the rights and obligations arising from this insurance agreement to another party. If the rights have been pledged previously, the permission of the existing pledgee(s) is required for a further pledge.

13.2 No transfer, addition, pledge or modification of the insurance contract shall be effective until a statement signed and dated by the insurer has been placed on the policy.

13.3 The insurance cannot be lent.

13.4 Surrender:

a. If the policy schedule states that 'any reserve value in the event of premature termination' is involved and the insurance is terminated on the basis of Article 4.3.f, a payment shall be made from the mathematical reserve less EUR 30 for administration costs if the mathematical reserve exceeds EUR 80. The mathematical reserve is defined as: the cash value determined in accordance with the insurer's usual principles, which, subject to the agreed future premium payments, is equal to the insurer's obligations as set out in the policy.

b. If the policy schedule does not state that there is 'any reserve value in the event of premature termination', there is no question of a reserve value. Therefore, no payment will be made in the event of premature termination of the insurance.

13.5 There is no profit-sharing in the insurance. This means that the policyholder and beneficiary are not entitled to profit-sharing.

13.6 The insurance cannot be made premium-free. This is because the insurance does not have a noncontributory value because the premium includes a discount for the chance of premature termination.

Policy conditions

13.7 If an insurance policy with monthly payments ends as the exclusive result of an event as referred to in Article 4.3.f, then there is no right to a premium refund.

13.8 If an insurance policy with annual payments ends as the exclusive result of an event as referred to in Article 4.3.f, then there is a right to a refund of the unused part of the annual premium.

13.9 The amount of the premium refund for a policy based on a single premium payment (single premium) is determined by reducing the total gross premium paid by EUR 80 administration costs and then multiplying it by the following factor (78 method): $(N-T)(N-T+1)/(N(N+1))$, where N stands for the contractual term of the insurance in months and T stands for the number of full months between the commencement date of the insurance and the date of reimbursement. A detailed table with which the refund amount can be calculated is available from the insurer and/or the administrator.

14. Recovery of costs and taxes

14.1 The insurer is entitled to charge the policyholder or beneficiary all taxes and levies relating to this insurance that are owed by the policyholder or beneficiary to the government or for which the insurer has a statutory duty to withhold taxes, to the policyholder or beneficiary. This can be done by deduction from the amount to be paid out.

14.2 If the policyholder or beneficiary owes taxes to a foreign government, it is the responsibility of the policyholder or the beneficiary to report the property of this insurance and pay possible indebted taxes or levies to the foreign authorities (government, tax authorities etc.).

14.3 Contrary to Article 14.2, possible (tax) levies abroad in the context of a payment under this insurance as a result of the fact that the insurer is established in a country other than the Netherlands shall be for the account of the insurer. During the term of this insurance, it is not possible to deviate from this rule.

14.4 The medical examination costs will be borne by the policyholder if the prospective insured person can be accepted after a medical examination without additional exclusions or surcharges, but the policyholder or the insured waives this.

15. Fraud

15.1 Fraud (fully or partly) always implies that no payment will be made on the basis of the insurance taken out. A potential already paid benefit (plus any and all (research) costs incurred) will be claimed back and will be immediately due and payable by the insurer. Fraud may also imply that:

1. a report is filed with the police;
2. the insurance(s) is (are) terminated;
3. registration takes place in the common warning systems in place between insurance companies.

16. Forfeiture of rights and prescription

16.1 An action against the insurer to make a payment shall be time-barred, except in the case of an interruption of the limitation period, by the lapse of five years after the day on which the claim has become due and payable.

16.2 The limitation period shall be interrupted by a written communication in which payment is claimed. A new limitation period shall commence on the day on which the insurer either acknowledges the claim or unambiguously states that it has rejected the claim.

17. Change of policyholder

17.1 The policyholder can be replaced by another person to whom all his rights as the policyholder are transferred. The change will take effect from the moment that the insurer has noted this on the policy.

18. Change of beneficiary

18.1 The policyholder has the authority to appoint another beneficiary during the life of the insured person. However, if the beneficiary has declared, with the written consent of the policyholder, that he accepts the benefit of the contract, the policyholder can exercise his rights under the contract only with the cooperation of the beneficiary, who has so accepted. The change will take effect from the moment that the insurer has noted this on the policy.

19. Change of address and processing of personal data

19.1 Correspondence to the policyholder(s), insured person(s) and beneficiary (beneficiaries) shall exclusively be conducted in Dutch.

19.2 The policyholder is held to inform the insurer within 1 (in words: one) month of each and every change of address of both the policyholder and the insured person. Notifications by the insurer to the policyholder are sent directly to his address lastly known to the insurer or failing a known address, to the address of the broker who provided broking services for the conclusion of the agreement.

19.3 The policyholder is held to inform the insurer within 1 (in words: one) month if the policyholder and/or the insured person no longer reside in the Netherlands and/or are no longer registered as such in the BRP.

19.4 In case of a notification by the insurer and/or the administrator to an interested party in respect of the insurance, a non-registered letter to be sent to the address lastly communicated to the insurer by the interested party can suffice.
